Pro Bono Services for NetSuite

Sharing Expertise.
Making a Difference.

GiveRight GiveRight Pro Bono Services for NetSuite increases employee engagement and provides valuable assistance to the community. Pro Bono services bring employees of diverse departments together to work on a common charitable cause helping to create a better workplace environment and improved employee morale. From legal counsel to accounting audits, to website design, nonprofits leverage the expertise residing in businesses to accomplish their missions. Pro Bono Giving will improve your public image by allowing you to demonstrate your investment in the community, and it also improves your customer relations as you align with causes that your customers care about.

BENEFITS

Maximize Social Impact

GiveRight Pro Bono Services allow corporations to quickly validate and select causes, and internally onboard and promote nonprofits by leveraging the seamless integration to GuideStar's large repository of validated organizations.

Increase Employee Skills and Collaboration

Not only will a charity receive valuable services, but your employees will gain more experience in working with diverse clientele. Pro Bono giving also brings employees of different departments together to work on a common charitable cause improving employee engagement and morale.

Provides a Better Workplace and Improves Engagement

GiveRight Pro Bono Services helps create a better workplace environment by encouraging employees to see themselves as part of a greater social community and it helps disengaged workers to become aligned with the company goals and become more productive.

Offers Tax Benefits

Donating products and services, normally sold to customers may qualify for tax deductions.

FEATURES

Identify and Approve Causes

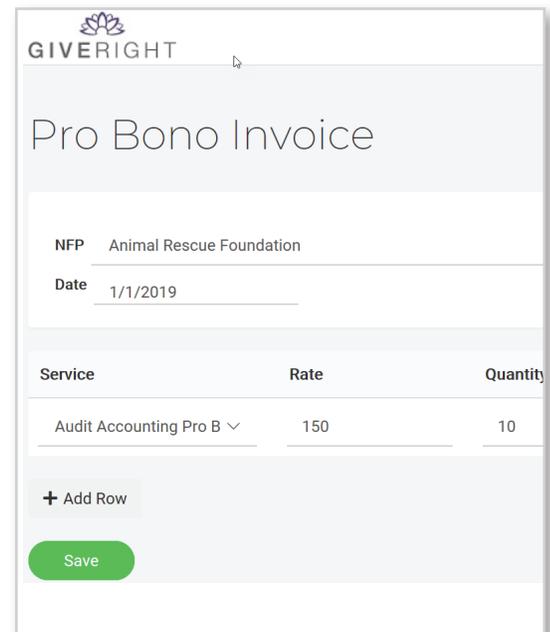

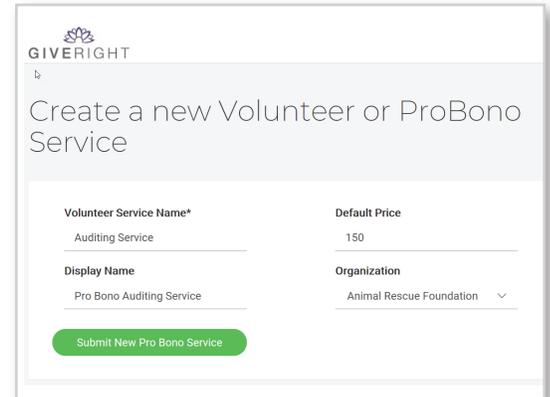

Allows easy searching for causes that align with your corporate strategy from a vast database of vetted nonprofits.

Easy To Use Service Definitions

Specifies which services and products will be offered to nonprofits through a simplified user interface integrated with NetSuite.

Financial Impact Recognition

Submits invoices for services rendered to nonprofits and sends for approval via your workflow definitions within NetSuite. Once saved, these invoices become part of your standard financial reporting and the discounts are realized using GAAP requirements.

GiveRight is powered by two industry leading platforms:

NetSuite offers worldwide, secure, fault-tolerant, cloud-based services. GiveRight has implemented a unique set of applications which centralizes a repository of non-profits and organizations.

GuideStar provides the most comprehensive database of non-profit organizations -- a listing of charities of all types, sizes, and locations. GiveRight has integrated this data into the GiveRight Marketplace to make easy, accessible to connections.

Enabling Organizations of All Sizes to Reach Their Full Potential Through Corporate Social Responsibility
