# Volunteerism for NetSuite

Simple, Easy  
and Fun

**GiveRight Volunteerism for NetSuite** enables your employees to donate their time and talents to causes around the world. In today's socially conscious workforce, employees are increasingly demanding more meaning and purpose in their workplace. As a result, more companies of all sizes are adopting employee-centered volunteering programs to achieve higher employee engagement and leadership development, while employees have become more productive and better-off in the workplace.

## BENEFITS

### **Increase Employee Engagement**

Develops your employees by providing them opportunities through their workplace to donate their time and talents to important causes. Besides boosting attitudes and job performance, employees can expand their skill-sets through working with different organizations.

### **Foster Cross-Company Collaboration**

Builds teams and breaks down departmental walls that impair company communication. By hosting company-wide events focused on a cause, employees naturally work with and learn to appreciate members of other teams that pay big dividends in your business process.

### **Find Trusted Organizations**

Delivers a vetted list of thousands of nonprofits you can trust. Eliminates surprises like non-compliance with IRS filings, unapproved status, and other compromising issues that will affect your program. Fully integrated internal workflows assist approval process of nonprofits.

### **Accelerate Social Impact**

Helps you quickly set up and begin making a difference. In short order, employees can see that you have well organized, robust programs for them to participate. GiveRight provides a shortcut to successful volunteerism.

## FEATURES

### NonProfit Organization Search

Searches across a multitude of nonprofit offerings both near and far to efficiently select your causes and charities.

### Create Volunteer Opportunities

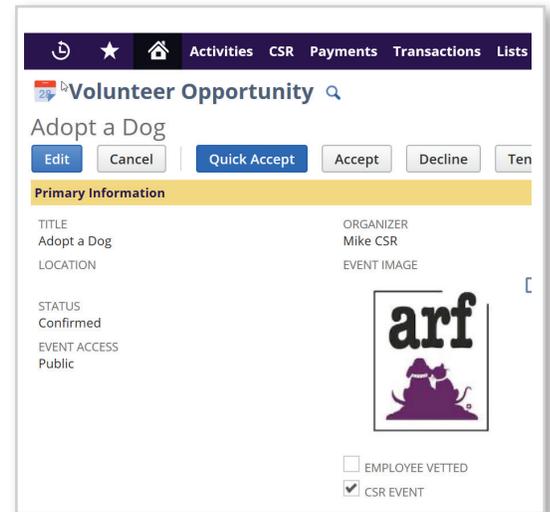

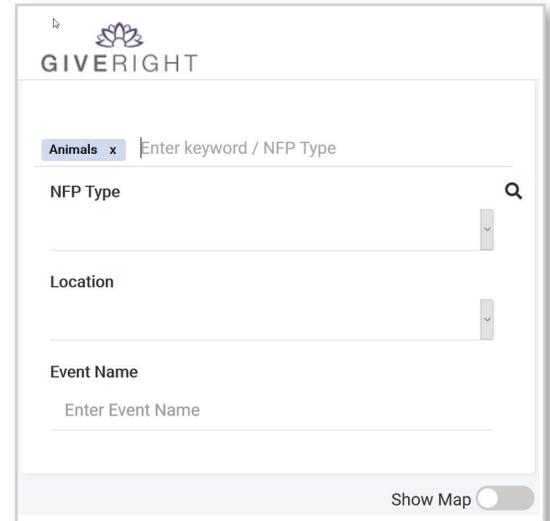

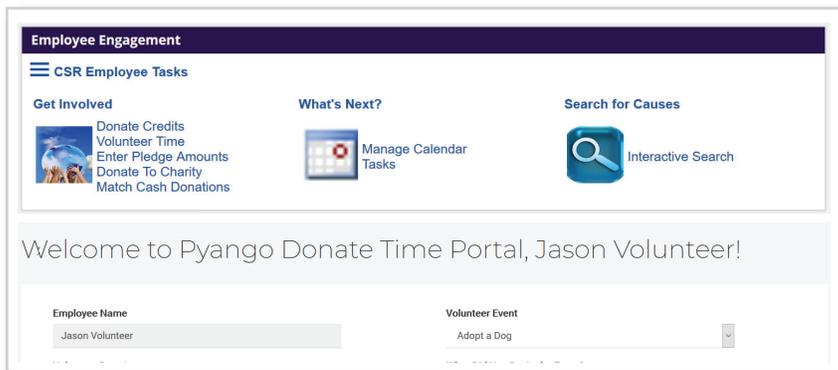

Creates and promotes volunteer options by seamlessly leveraging NetSuite's event management capability.

### Easy Sign Up and Time Reporting

Provides a user-friendly experience that eliminates sign-up barriers for participation and reporting of donated time. It also offers incentives to spark activity through donation credits when needed.

### Volunteer Analytics

Measures key outcomes based on a variety of data – employee, team, charity, and an event, to provide meaningful, actionable analysis. Provided in real-time through NetSuite's built-in reporting engine.

GiveRight is powered by two industry leading platforms:

NetSuite offers worldwide, secure, fault-tolerant, cloud-based services. GiveRight has implemented a unique set of applications which centralizes a repository of non-profits and organizations.

GuideStar provides the most comprehensive database of non-profit organizations -- a listing of charities of all types, sizes, and locations. GiveRight has integrated this data into the GiveRight Marketplace to make easy, accessible connections.

**Enabling Organizations of All Sizes to Reach Their Full Potential Through Corporate Social Responsibility**
